We design

We make

We fit

We bring joy!

We have seen different types of business since we started working together over 20 years ago.

Not all of it was awesome, in terms of kindness to people or to the environment, so we wanted that kindness to become the foundation of Innerspace Cheshire.

Given that our dog, Penny is such a key team member you might wonder why we have a cat as our logo. We love cats too and our logo represents the Cheshire cat which signifies our local roots and production.

If you're ever passing come say hi, we have decent coffee.

Jon

Innerspace Cheshire is based near the small town of Nantwich in the North West of England where we make products that are kind to animals, people and the planet.

Local, considered production is by our dedicated team of makers at our workshop and our own installation team can handle the fitting nationwide.

We take care to source the most sustainable materials and manufacture our products with the minimum impact.

We want to bring joy to your space and that comes from loving what we do and how we do it.

WOOLLYWALL

WOOLLYWALL is a decorative acoustic solution that has been designed with our core values in mind, being kind to animals, people and the planet.

It will help reduce levels of disturbing background noise, an important factor affecting wellness in any environment.

Available in our standard designs, or bespoke to your own ideas.

Made locally and finished by hand, using eco friendly materials and paints.

GEOMETRIC

Our Geometric collection is synonymous with modern and contemporary design.

Available as easy to install full panels, or individual tile shapes so that you can get your creative juices flowing.
