BIOPHILIA RANGE

INNERSPACE

CHESHIRE

We design, We make, We fit We bring joy

Innerspace Cheshire is based in Whitchurch in the North West of England where we make products that are kind to people, the planet and animals.

Our local, dedicated team of makers hand craft our product range at our workshop. And our installation team travel up and down the country to fit all products nationwide.

Natureverde.

Innerspace Cheshire's **natureverde** is a catalogue of feature walls, planting schemes and metal grid systems. Each product is centred around the preserved foliage - displaying how customisable and pleasing the natural material is in interior spaces.

Biophilic design makes us happier and healthier – by bringing nature indoors – connecting us to the natural world.

no watering.
no sunlight.
no maintenance.

Natureverde.jungledesign

BIOPHILIA RANGE

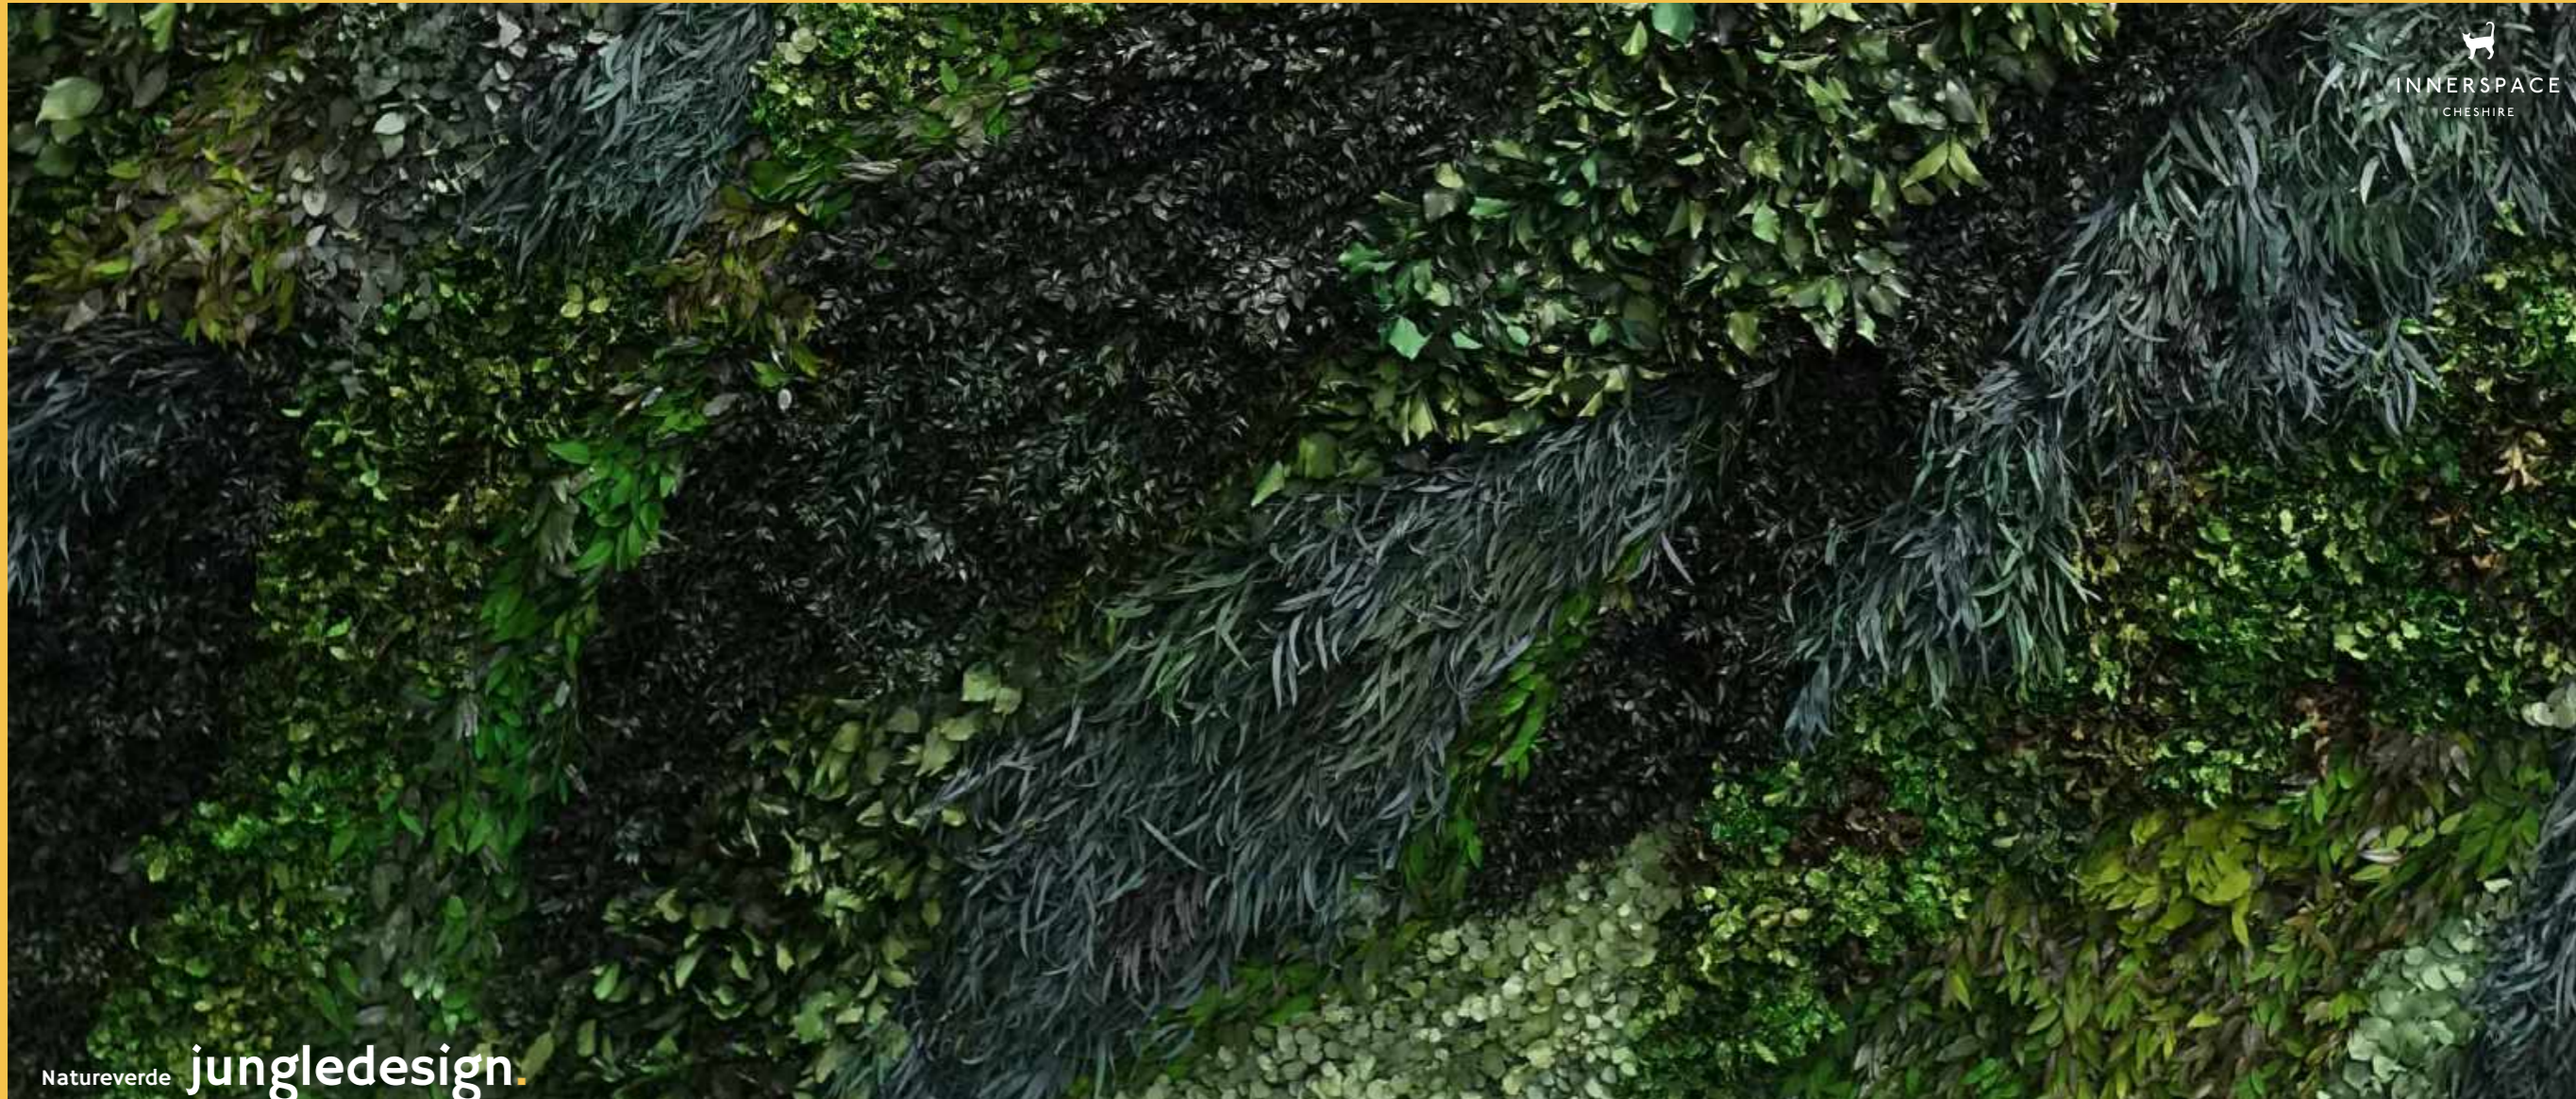

Natureverde jungledesign offers two designs that we can custom scale to fit your wall size.

jungledesign - Larger areas of foliage in organic shapes.

Every wall is custom built. Design interpretation will vary with every production.

Framing and signage is available to your requirements.

Natureverde.**forest**

BIOPHILIA RANGE

Natureverde forest wall is an all-new design and construction.

Our forest wall is greener, lusher and deeper than ever with a thickness of 150mm.

Framing and signage is available to your requirements.

Natureverde.ivy

BIOPHILIA RANGE

Natureverde ivy wall is made up of preserved ivy foliage giving a simple, clean finish.

Framing and signage is available to your requirements.

Natureverde.planter inserts

BIOPHILIA RANGE

Natureverde planter inserts are custom built to fit into any size planter box.

We supply a fully built insert complete with timber feet to bring the inserts to the correct level.

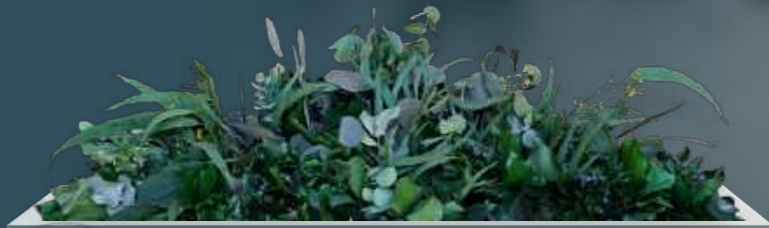

The range offers gravel, pebbles and topiary trees as options to go with the foliage.

Natureverde.pots

BIOPHILIA RANGE

Natureverde pots are sustainably sourced.

We offer a diverse range of materials - terracotta, fabric, hessian and ocean plastics. All pots arrive with a carefully selected mixture of preserved foliage plants.

pots.

NATUREVERDE **oceanplastic pots**
+foliage

Ocean plastic pots are made from used fishing nets in the UK.

NATUREVERDE fabric pots + foliage

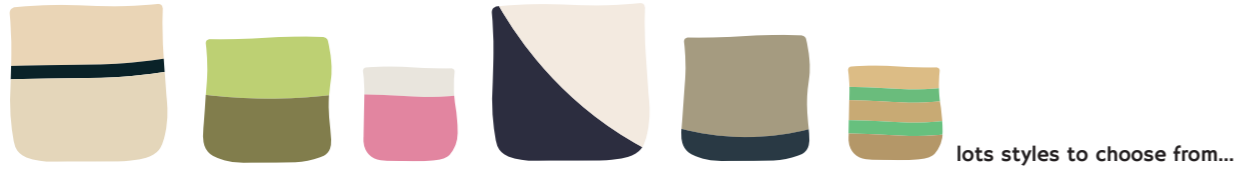

lots colours to choose from...

Fabric pots are hand-made by our workshop team.
Only 100% post-consumer recycled polyester.
50% of which is sourced from ocean plastics.
Available in two sizes.

camira

Natureverde.pots 25.

NATUREVERDE hessian pots + foliage

Hessian pots made from sisal in Africa by a women's self-care group.

NATUREVERDE terracotta pots + foliage

optional hanging terracottapots

We can paint the terracotta pots to any colour from The Little Greene Company's paint range.

Natureverde.hanging foliage

BIOPHILIA RANGE

Natureverde offers a choice of hand-crafted hanging foliage features. All options have been designed to fix onto grid systems, furniture pieces, acoustic or joinery beams and pretty much anything else that you can think of.

We manufacture standard sizes but can adapt the hanging foliage to suit your product.

Natureverde.meshgrids

BIOPHILIA RANGE

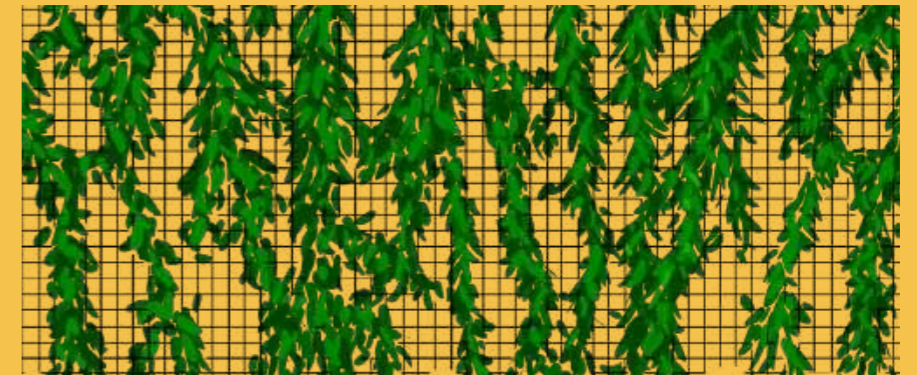

Natureverde ivy meshgrids are chunky mesh with real preserved ivy woven through with a coverage of ca 50% of the surface area.

Black is the standard colour but we can match to your RAL of choice.

Ivy meshgrids look amazing with illuminated signage.

meshgrids.

Natureverde.ceilingrafts

BIOPHILIA RANGE

Natureverde has three standard ceilingrafts to offer, in three set sizes - 600*1200, 600*1800 and 1200*1800. Custom sizes are available.

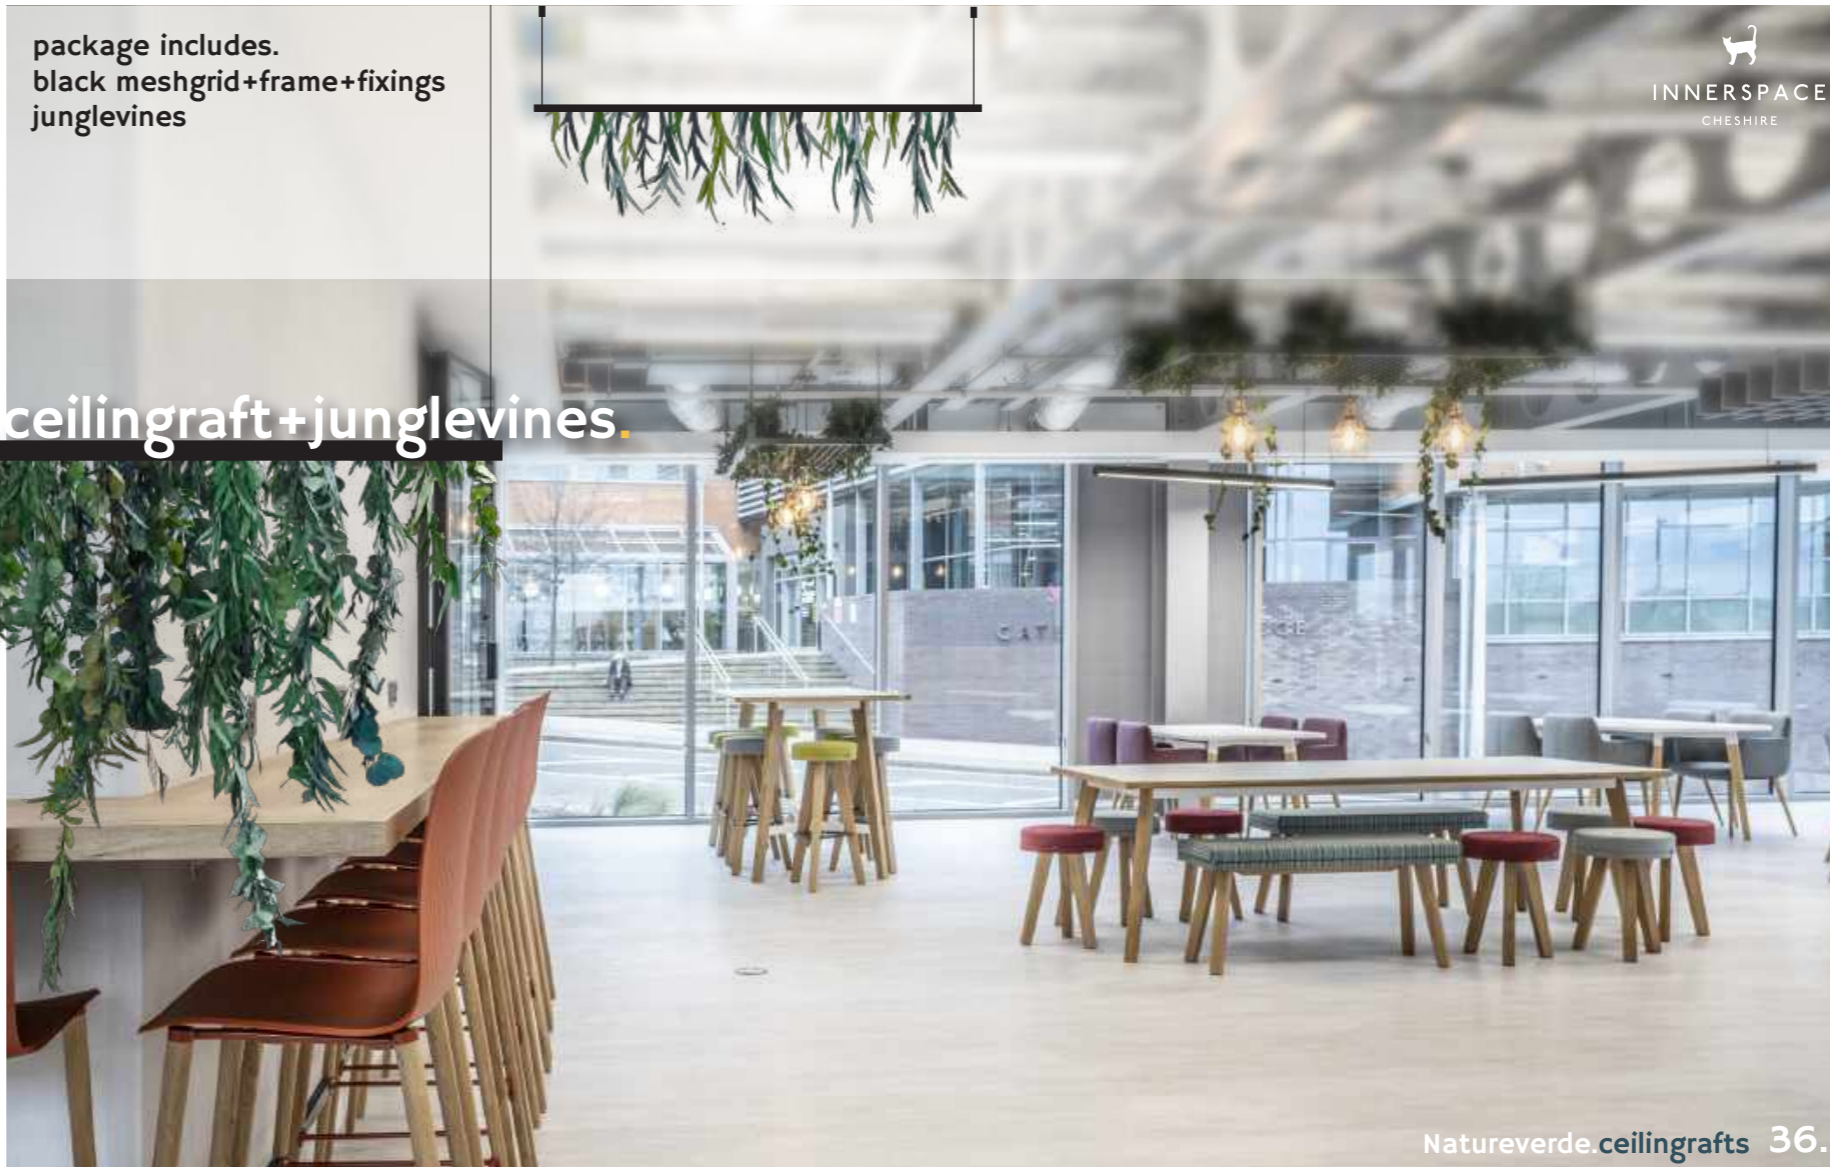

The package includes a black framed 50*50 mesh grid, ceiling fixings with different combinations of our hangingfoliage products.
