CHESHIRE

We design, We make, We fit We bring joy

Innerspace Cheshire is based in Whitchurch in the North West of England where we make products that are kind to people, the planet and animals.

Our local, dedicated team of makers hand craft our product range at our workshop. And our installation team travel up and down the country to fit all products nationwide.

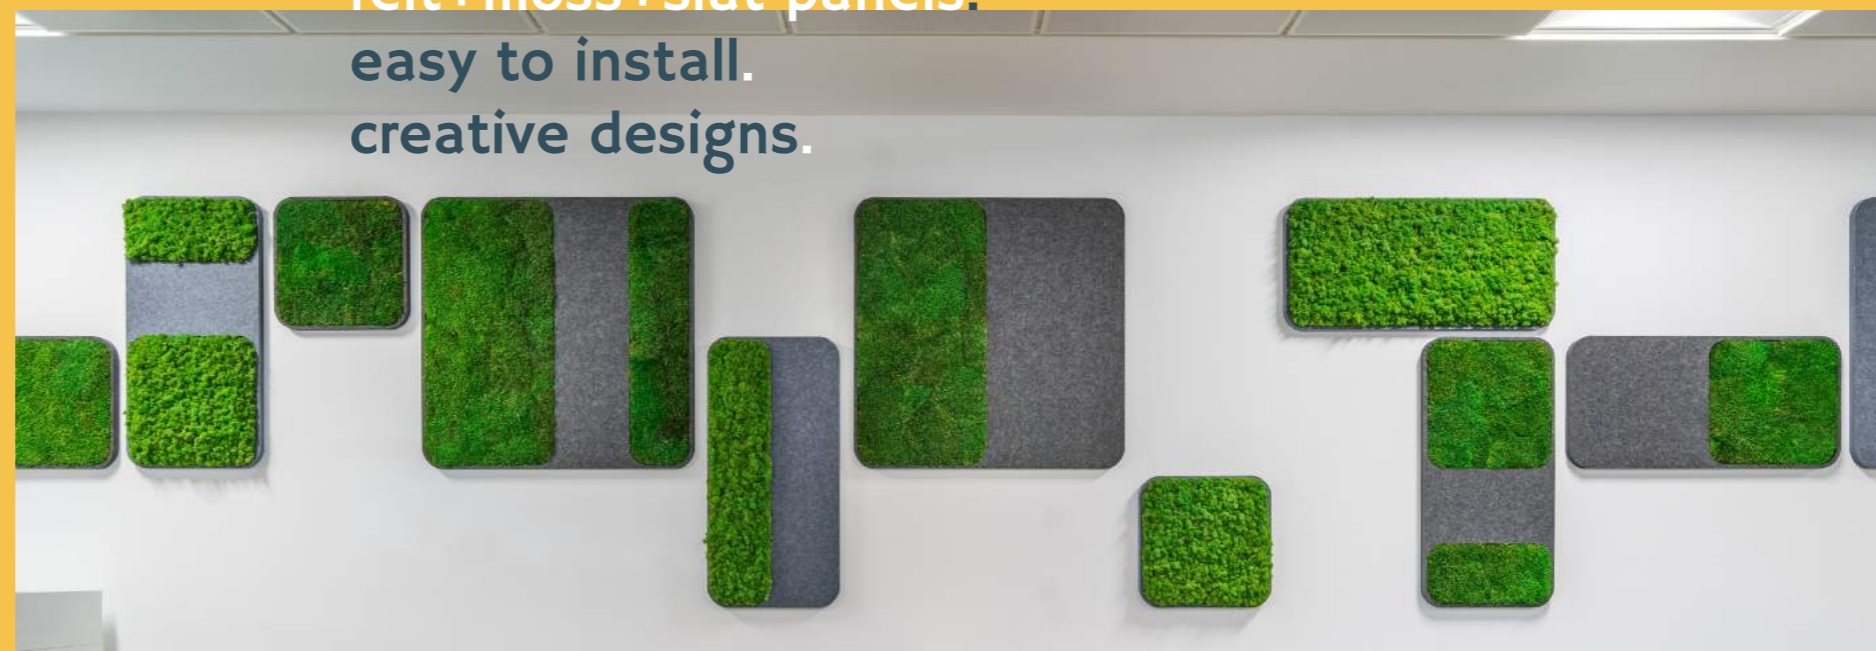

"If you're passing by come meet all the team and our loyal, key member - Penny, the Labradoodle"

Modular.

Innerspace Cheshire Modular is a selection of acoustic felt panels with moss and slat inserts.

Modular is the perfect solution for combining colour, biophilia and natural timber to interior spaces. The simple pack selection structure makes specifying, ordering and installing a super easy process.

Modular.diagonal

BIOPHILIA & TIMBER RANGE

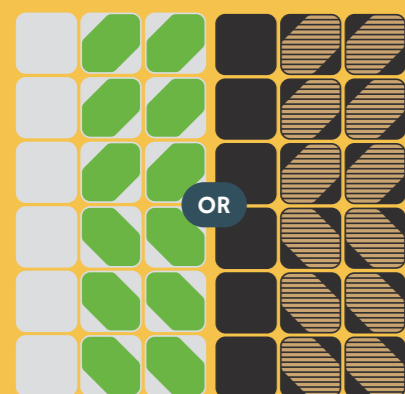

Modular diagonal panels are daring and bold. Rotating the panels in multiple directions, can create a real statement piece, drawing your eyes along the diagonal lines. They introduce contrast that can liven up interior spaces.
